A LAD'S LOYALTY

Shot by Brother, Little Boy Refuses to Tell.

With Bullet in Brain, He Suffers in Silence.

Kenosha, Wis., March 3.—Clutching in his hand an X-ray picture which showed a bullet deeply imbedded in his own brain, Stephen Stee, ten years old, revealed here a story of loyalty to his little brother, aged six, which has few parallels. Last Sunday afternoon the boy was shot with a revolver by his brother while they were playing alone in the home of their father, Albert Stee, a Kenosha merchant.

Under almost any circumstances the bullet, which penetrated deep into the brain, would have brought instant death, but the boy is still alive today and there is hope that he may recover.

After Stephen had been shot, the two agreed they would say nothing about the shooting.

Later in the day Stephen became unconscious and lay on the floor in this condition when his mother returned. Believing him tired from play, the mother put him to bed and in the morning the boy appeared drowsy. He made no complaint, but the little brother lingered close to his bed, bringing him water to drink and his most cherished playthings. In the afternoon the condition of the child became alarming and the mother called a physician.

The physician discovered a small hole in the rear of the boy's head, but even then Stephen's loyalty to his brother was so great that he did not tell. He was taken to the hospital and the X-ray picture was taken. The boy broke down then and told all.

"He didn't mean to hurt me at all," he told the nurses at the hospital.

Physicians declared his recovery would be little less than a miracle.

HALE IS ACQUITTED.

Pittsburg Man Accused of Murder Freed by Jury Today.

Pittsburg, Kan., March 3.—William Hale, charged with the murder of his brother-in-law, Ora Smith, at the farm near Cato, last August, was acquitted of the charge by a jury in the district court here today. The defense pleaded the "unwritten law" and self defense.

Mrs. Hale appeared as the principal witness for the defense. She told a story of having suffered abuses and indignities at the hands of Smith.

HOW I DARKENED MY GRAY HAIR

Lady Gives Simple Home Recipe That She Used to Darken Her Gray Hair.

For years I tried to restore my gray hair to its natural color with the prepared dyes and stains, but none of them gave satisfaction and they were all expensive. I finally ran onto a simple recipe which I mixed at home that gives wonderful results. I gave the recipe, which is as follows, to a number of my friends, and they are all delighted with it. To 7 oz. of water add a small box of Barbo Compound, 1 oz. of oil and 3/4 oz. of glycerine. Use every other day until the hair becomes the required shade, then every two weeks. It will not only darken the gray hair, but removes dandruff and scalp humors, and acts as a tonic to the hair. It is not sticky or greasy, does not rub off and does not color the scalp. You can prepare it at home at very little expense. Adv.

BE CAREFUL!

Government Warns People of Digestive Remedies.

Washington, March 3.—Be careful about the kind of digestive remedy you put in your "tummy," warns the department of agriculture. Examinations of a number of products which purport to contain certain enzymes or similar material, but in many cases no attempt has been made to determine whether the material used is really active. In certain cases manufacturers have combined pepsin and trypsin, which tend to negative each other.

"The great trouble with many of these preparations," says the department, "is that they don't keep well, and while active at first, after a time lose their digestive activity. The department, therefore, warns manufacturers that preparations claiming to contain digestive enzymes should be put up in such a way that they will have suffered little, if any, loss of activity when sold."

SPRINGS A SURPRISE.

Man Without Name on Ticket Wins in Atchison Election.

Atchison, Kan., March 3.—There was no contest for the nomination for mayor in Tuesday's municipal primary but the feature of the election was the nomination of Dr. C. W. Allaman, a Republican, in opposition to Dr. C. C. Finney, the present mayor.

Dr. Finney is a Democrat and the Republicans brought out no candidate to be placed on the primary ticket, but friends of Dr. Allaman secured his nomination by having his name written in. Dr. Allaman served a term as mayor, having been elected as a Democrat. He also represented the Atchison district in the legislature as a Democrat.

There was a contest for police judge and in several wards for councilman, but little interest was taken in the election and the vote was light. For the first time Atchison women served as election clerks in one ward, but few women voted.

MAKES PERFECT SCORE

A. R. Springer Shows Championship Form in Tuesday's Shoot.

After the close of the regular events of the weekly shoot of the Topeka Gun club Tuesday afternoon, A. R. Springer hung up a new record by breaking 25 straight birds from the 21 yard line. This is exceptionally good shooting, in fact, it is about as good as is done by the best of professionals and amateurs anywhere. Breaking 25 straight from the regulation 16 yard line is good shooting, and whenever a man does it from a 21 yard post, it is a feat to be proud of.

Thompson made the high score of the afternoon in the regular matches, breaking 43 out of a possible 50. Wray finished in second place and Fullerton was third. The scores were as follows:

Thompson, 43; Wray, 42; Fullerton, 41; Springer, 40; Biscoe, 36; Hoover, 34; and Swan, 32.

CARNEY WILL SPEAK.

Senator A. B. Carney, chairman of the committee of education in the senate, will be the speaker at the meeting of the Shawnee County Teachers' association to be held at the high school Saturday. The primary teachers will convene at 9:15 o'clock. Senator Carney's address will begin at 10:15 o'clock and will be "The Teacher as a Factor in the Community."

Circulars notifying the teachers of the meeting which are being sent out from the office of John E. Eby, superintendent of schools, also contain a request to teachers for diplomas of pupils who will try for diplomas this spring.

A number of the county schools will close in about six weeks.

The Day in Congress.

Washington, March 3.—Senate resumed work at 11 a. m., after a five-hour recess, and continued on appropriation bills. House resumed work perfecting conference reports and appropriation bills.

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

Cleanses the Little Liver and Bowels and They Get Well Quick.

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stop, at once, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat, give a good dose of "California Syrup of Figs," to evacuate the bowels, no difference what other treatment is given. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little child today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grownups plainly on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company."—Adv.

A great many beautiful costumes of velvet have been worn in this year's theatrical productions, but no more charming velvet gown has there been than this graceful creation designed for a young actress this season. The material is soft, clinging chiffon velvet and the lines, exquisitely graceful, have that quality of distinction and refinement.

ment that appeals to the women of conservative taste. The gathered tunic is draped at the front and the surplus bodice is carried around to the back of the waist-line. The long sleeves and the bit of dark fur at the collar give the gown much dignity, and the picture hat of dead black brings out the delicate color of the velvet.

The place cards were imported Japanese pictures, done in colors on wood fibre paper, and the score cards were decorated with Japanese scenes. The ice was served in small jars, made to resemble flower pots, and over the top was powdered chocolate. In the center of each dish was a blossoming tulip stem.

The women who hesitate to give lists of guests for publication, for fear of offending the uninvited, have not yet learned all the ways of sliding out on reasons for withholding invitations where they think they are expected. A Topeka woman who recently gave a party where champagne was to be served, decided not to invite a neighbor with whom she had been on terms of rather close friendship. In making her explanation to the uninvited friend, who is a married woman and the mother of a family, she said: "I thought best not to send you an invitation because I was afraid your mamma would not like to have you go to a booze party."
